# Executive Directors Report 2020-2021

# Conservation Council ACT Region

Our vision is for a healthy planet for humans and all other life, where the natural environment is protected and communities respect and live in harmony with the environment.

## Our work

We speak up for a healthy environment and a sustainable future for our region. We campaign for a safe climate, to protect biodiversity in our urban and natural areas, to protect and enhance our waterways, reduce waste, and promote sustainable transport and planning for our city.

We work in the ACT and region to influence governments and build widespread support within the community and business to deliver environmental outcomes. We put forward evidence- based solutions and innovative ideas for how we can live sustainably
