

PROMOTION

- We promote your content and events through our newsletters and social media.
- We can amplify your campaigns.

SUPPORT

- We offer meeting rooms and equipment for you to book.
- We can speak at your events.
- We can support your submissions and grant writing.

UPSKILLING

- We offer webinars and workshops (on topics you can request).

COLLABORATION

- We invite you to join our **WORKING GROUPS**.
- Ask us to help you find volunteers.
- We can facilitate networking with other member groups and stakeholders.
- We host an annual member forum and AGM to have **your voice** heard.

Member Group INFO KIT

Together we can take more impactful actions for our environment.

We support, connect and empower our member organisations.

EVERYONE IS NEEDED AND EVERYONE IS WELCOME.

We invite you to support us to

- foster “working together” and building strong partnerships,
- elevate environmental action by being innovative and boldly speaking up for nature and climate,
- center our work around economic and social justice and the impacts of environmental policies on future generations,
- build and diversify our movement, recognising that the environment movement is deeply embedded with other movements such as social, economic, First Nations and racial justice.

All members of our community are part of our movement. Our movement:

- is kind, open minded, inclusive of a diversity of views and respectful,
- recognises we all care about ecological and climate justice but may have different priorities and theories of how change happens,
- calls people into conversations rather than calling people out, and
- brings questions and points of discussion to us.

WORKING GROUPS CLIMATE · BIODIVERSITY · TRANSPORT · ENVIRONMENTAL JUSTICE

Membership fees support the Council in providing benefits to its member groups.

	Number of Members	Fee	AGM votes
Small	up to 50	\$82.5	1
Medium	51 to 100	\$132.0	2
Large	100 plus	\$154.0	3
Complimentary	Fee waived for one year		0
